

Ageliki Zisi

TUES 14:21

Good day Ageliki  
health from guild.

While we were gone, they robbed us, but the impression of a super holiday didn't spoil us

Thanks a lot more

Please if you are willing to help me with the investment in Olympiad, let's agree on the terms and conditions we are clear

My suggestion: Give me your hourly rate, write what you did and when and I will keep you going

Of course I hope we can trust

Yours sincerely, Mgr

The second option is the percentage commission when the purchase is completed

I'd probably prefer it

TUES 21:40

Good evening Mr. Tichy is sorry for stealing you ... I was looking for you ... I do not want a commission back but I can help you ... ladies you contact us for a real estate agency here in Stavros ... they can definitely get you help ...

I wanted to ask if you have any girl or boy who would like to do a job that Tibor did in a hotel

Bochuzel had to fly to Slovakia today for personal reasons

Dekuj predem

WED 00:29

I will try to ask but I just somewhat different generation and already with the twenty years that have a desire to go to the world so much

But I think one savage, tomorrow I ask her, although I would take the best friend from her pizzeria but for Adel I think it was exactly what he needs

It didn't give me a call and I haven't slept yet

talk directly over FB <https://www.facebook.com/>

You are not quite sure but how you know it, it would saddle it and it would be ideal for you

And what the work now doing in the pizzeria is much more massacre than yours (with all respect) slept Electra

And I'm guessing you two would sit down

(famous last words)

WED 05:39

Two more came to me (hetgot i tech zenskou know somehow, if I should not think about each other)

<https://www.facebook.com/>

20 liters on the place / pub, now she took care of her grandmother at home, she died 14 days ago so she probably will be looking for what he gave

Fine girl, I run for her

<https://www.facebook.com/>

He wants to go to England as aupair, which all comes to us like crap

A little (enough) princess, but a servant at kamoska in a pizzas over the summer, and it was, only the meeting waited for the prince to come there on a gold horse. The Electra Hotel's male part of the hotel would probably have chosen it from three

On the other hand, their expensive half-way can completely spoil the holiday.

You can contact all three and refer to me - Marek Tichy

perhaps it will be something

All three if I speak English and have a driver

Thank you very much Mr. Tichy ... I'll try to contact you today today 😊

Go ahead, just be careful not to let the girls fight us

I also have a phone on Adel, I can call you better

I can get phones on Petra and Katerin in the morning

I will think about this, do you want to go there to take a look, take a picture of the counseling center and see if the price could be reduced to EUR 20000?

Although it is not completely on the reptiles but somehow it spread and I think it is not bad apartment a bit behind the wind

And the trees look like a planted olive tree, that's a big plus

Well, find out how it is there with water and electricity

And ideally to deal directly with the owner - is there a public real estate cadastre in Greece like in Bohemia?

No, unfortunately, it is not like in Cechach, I would go there but certainly not mometalne not in the hotel all day .... I will try to ask the known

You know what we do differently

Can you get me into a charter?

If yeah, just do it, we need to see it on your own

Three days, just three

Accommodation is not necessary, let's build a tent there

WED 15:27

I spoke to Adela. Just push a little bit, you tell her I have time to make a decision on 12:00 pm otherwise shame. And I guarantee you have it there on Sunday

It is very broken  
She wants to go there  
And it is really good, lita after the pub to the morning and it takes care of 24  
horses, basically alone  
I've already written it from time to time

I trust you so I try and wait  
Thank you very much for your help and your will  
You're welcome  
I have broken my ankle so I am bored  
Yesterday's volleyball, but we won  
Adela played against  
Earn us that flight, I get a cut in 3 weeks and we can go  
?

WED 18:31

So she broke up, and after a while she arrived at the bar for a mini-boy  
If everything in the world was as simple as the young girls  
But that would probably be boring again

WED 22:43

Ageliki please tell me if it is real to make us that flight  
Ideally in terms of 30.6 and 4.7  
Finally we fly 3, two have grown up one child  
I solved your problem at 17 o'clock 32 minutes, so I'm wondering if you run it  
better  
three two one start

05:30

I have given her a couple of paternal advice on the way, which was dominated  
by strict celibacy, abstinence and how to get to know the right moment to  
leave the party and send it to you with an airmail on a silver tray tied with a  
pink ribbon. If you guide her on a short chain, he'll trample you.  
Now, please show you

08:12

Hello ... but don't like to communicate over the messenger and especially be  
the whole day is the truth you don't always understand ... but I don't know the  
tastes or via the internet at Electra CK

call me tel + 420776xxxxxxx

The cheapest on the Internet for 20000 for three people

Myslim Kc

I want you a place in a charter flight that has bought Electra CK forward

How do you order an Adel ticket?

For Ck they call me

Well, just do it for us three

Have you had early coffee?

Unfortunately, I can't ... you can contact ck

Are you kidding me

So for Adel and for us?

Ageliki, Maria Zisi is the owner and director of Electra CK

What are you playing on me. I can stop Adel here at any time, now I have doubts if I send her to the right place, she is my good friend and I do not want to see the summer in hell

Unfortunately, I can not take Adel in my work, I have found another girl and you come tomorrow by bus ... I can not help you with the caress is too much Lito

Maybe think about how you behave. Panbuh's mostly childbirth. Goodbye, I wasn't pleased
